A Special Thank You!

I would like to extend my deepest gratitude to the Eric P. Newman Numismatic Education Society for awarding me their very generous 2019 Newman Grant.

Thank you for helping me toward achieving my goal of developing a currency plate proof census from compiled metadata and making the PDFs available to all.

I am also very grateful to Leonard Augsburger for his knowledge, patience and expert assistance.

I also would like to thank Peter Huntoon for sparking my interest in this fascinating field of endeavor!

I would include “Currency” in the quote below:

There is nothing more fascinating than collecting coins, all history is summed up in them…they are the story of humanity.

W.H. Valentine (1856-1927)

Thank you again for making this possible!

Thank You to everyone at the National Numismatic Collection!

I am extraordinarily appreciative of the digitization team at the National Numismatic Collection led by:

Sherri Berger, Head of Digital Programs Office

Ellen Feingold, Curator of the National Numismatic Collection, Division of Work and Industry

Hillery York, Collections Manager, Division of Work & Industry

and Jennifer Gloede , Outreach and Collections Specialist

The museum has a program called the Friends of the NNC that provide funds to various digitization and education projects that are a priority for the numismatic community and the department.

If you would like more information about the program you can find it here: http://americanhistory.si.edu/giving/friends-of-numismatics

Overview of the Smithsonian's 2014 "Rapid Capture" digitization program.

The National Numismatic Collection began a pioneering "Rapid Capture" digitization process in October 2014. The project was designed to digitize the certified proof sheets from the Bureau of Engraving and Printing collection. The proofs were transferred to the National Numismatic Collection from the 1960s and 1980s. The scanning process utilized a conveyer belt system with a huge 80 megapixel image camera to capture the items as quickly as possible. The process was much more effective compared to the older way using just a flatbed scanner. The Rapid Capture group photographed around 3,500 sheets daily. It cost less than a dollar a sheet. It was completed in only four and a half months. This project establishes a valuable resource for currency researcher and students.

on the 15th day of November 1942 and to pay interest on said principal sum at the rate of four per cent per annum, semi-annually on May 15th and November 15th each year until the principal hereof shall be payable, upon presentation and surrender of the coupons therefor as they severally mature. The principal and interest shall be payable in United States gold coin of the present standard of value at the Treasury Department, Washington, or at the holder's option, at any agency designated by the Secretary of the Treasury for the purpose. This bond is one of a series of 10/25 Year Four Per Cent Convertible Gold Bonds authorized by an Act of Congress approved September 24, 1917, and issued pursuant to Treasury Department Circular No. 90 dated October 1, 1917, to which reference is hereby made for a statement of the rights of holders of bonds of said series with respect to exemption from certain taxes, and with respect to the privilege of conversion of bonds of the United States bearing interest at a higher rate to be issued after the determination of the war between the United States and the Imperial German Government, and with respect to the interchange of bonds of different denominations, and of bonds in coupon and registered form, as fully and with the same effect as if herein set forth. All coupon bonds of said series may be registered, as to principal, on and after November 15, 1927, or any interest period thereafter, at the option of the holder. This bond is exchangeable, without charge by the United States, on and after November 15, 1918, for a like bond with all subsequent coupons attached.

on the 15th day of November 1942, and to pay interest on said principal sum at the rate of four per cent per annum, semi-annually on May 15th and November 15th in each year until the principal hereof shall be payable, upon presentation and surrender of the interest coupons as they severally mature. The principal and interest shall be payable in United States gold coin of the present standard of value at the Treasury Department, Washington, or at the holder's option, at any agency or agencies in the United States which the Secretary of the Treasury may designate for the purpose. This bond is one of a series of 10/25 Year Four Per Cent Convertible Gold Bonds authorized by an Act of Congress approved September 24, 1917, and issued pursuant to Treasury Department Circular No. 90 dated October 1, 1917, to which reference is hereby made for a statement of the rights of holders of bonds of said series with respect to exemption from certain taxes and with respect to the privilege of conversion if bonds of the United States bearing interest at a higher rate be issued before the termination of the war between the United States and the Imperial German Government, and with respect to the interchange of bonds of different denominations and of bonds in coupon and registered form, as fully and with the same effect as if herein set forth. All or any of the bonds of said series may be redeemed at the pleasure of the United States, on and after November 15, 1927, at par and accrued interest, as in said circular provided. This bond is exchangeable, without charge by the United States, on and after November 15, 1919, for a like bond with all subsequent coupons attached.
